Art Unit: 1752

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

1. Claims 1-9 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over EP 1088679, Kawamura et al.'583 or Zhang et al.'073. EP ( paragraphs 15-30 ), Kawamura et al. ( paragraphs 16-44 ; ex. 4 ) and Zhang et al. ( col.2, line 15-col. 3, line 36 ) disclose graft polymerizing unsaturated compounds onto photopolymerizable layer with photoinitiators imagewise using radiation.

2. The prior art cited by applicants has been considered. The election without traverse is noted.
